@ A "Returning" player is one that has played with the Chargers SC **THIS** season (since 8/1/24). For Returning players, we have already paid the fee to register & ensure the player with the Florida Youth Soccer Association and provided the uniform. If your child has not played with the Chargers since 8/1/24, they would be considered a **NEW** player (with a slightly higher fee to cover the fee to register the player with FYSA).

All "NEW" players will receive a Clearwater Soccer blue jersey.

****Registration deadline February 28th** . Players will be waitlisted once their age group is filled, regardless of the deadline. We encourage players to register early as it is possible these age groups filled up prior the registration deadline.
